Supervisory Committee Report

Azura's Supervisory Committee consists of four Azura members who volunteer their time to serve the membership. In fulfilling statutory duties and obligations to safeguard member assets, the Supervisory Committee's primary responsibilities include overseeing the completion of the independent external financial audits of the financial statements and records, as well as the verification of member accounts. The committee also reviews the control structures of the credit union, monitors closed accounts, directs the internal audit function and attends monthly Board of Directors' meetings.

To accomplish our responsibilities, we rely on the expert services of the independent audit firm, J. Tenbrink & Associates. Tenbrink & Associates conducted an independent audit of Azura's financial statements and completed a verification of member accounts. In addition, the National Credit Union Administration in conjunction with the Kansas Department of Credit Unions completed Azura Credit Union's regulatory examination earlier this year. The audits raised no material issues and contained no significant findings of concern. It is therefore our opinion that Azura Credit Union continues to perform well and operates in a safe and sound manner.

As the Chairman of the Supervisory Committee, I speak on behalf of all committee members when I say it has been a pleasure to serve you. The committee will continue to work diligently in 2020 to ensure that Azura remains a safe and sound institution, ready to meet your financial needs.

Board of Directors' Report The "Old Normal"

As we now publish Azura Credit Union's 2019 Annual Report past the halfway point of the year 2020, everyone is well aware of the now often-used term, the "new normal". While that moniker has no doubt been around for years and years, there has never been a more appropriate era for using it as right here and now in current times. But if you would allow us to turn back the clock a bit to report on last year we will then catch back up and discuss the current environment as well.

Current events make 2019 seem like it was long ago in our rearview mirror. But less than one full year ago, Team Azura was going about our normal day-to-day business of serving members' financial needs to the best of our abilities. Important items of note include the following:

- Net income was strong and our capital position remained rock solid at year-end.
- Azura began serving employees of the Procter & Gamble company in Kansas City and nationwide as the result of a merger with Kansas City P&G Employees Credit Union.

• An overhaul of our digital and online presence was completed during the third quarter, including the successful rollout of our entirely new website, online banking, mobile banking and bill payment platforms.

All-in-all, Azura closed the books on a very successful year of growth, financial strength, and enhanced service to member-owners in 2019 and your Board of Directors and Management entered 2020 poised to execute another year that we expected to be much the same.

But as everyone is well aware by now, the current year is not playing out to be anything at all like the last one. While a number of unique and challenging events have occurred already this year, nothing comes even close to the ongoing and future impact and ramifications to be felt as a result of the coronavirus pandemic currently gripping our nation and the entire world.

As a result, Azura volunteer officials, management, and staff have spent the past six months developing, implementing, and revising again operating procedures for how we continue to serve you to the best of our ability during this period of uncertainty. While the current environment and our response to it are changing almost daily, we remain committed to serving our member-owners in the best and yet safest manner possible.

In the meantime, as we endeavor to navigate this "new normal" referenced in the opening paragraph of this report, we hope that you will share your comments and concerns with us at any time that you have them. As a member-owned financial cooperative Azura exists solely to serve you and if we are not meeting your needs, we need to hear your ideas about how we might better be able to do so. Thank you for your membership at Azura Credit Union and for your commitment to cooperative, member-owned financial services.

Nominating Committee Report

Brad Deiter, Bobb Collie and Jim Frownfelter served as the Nominating Committee for elections to be held at the 2020 Annual Meeting of Azura Credit Union.

The committee posted a notice and call for all parties interested in potentially serving a volunteer official position for the credit union. This notice was included in the first quarter membership newsletter and also on Azura's website. Applicants were asked to contact the Nominating Committee and a pool of potential candidates was developed.

The committee is charged by the Azura Governance Policy "to put forth a nominee slate comprised of the best possible candidates" to serve as volunteer officials for the credit union. After completion of the interview and selection process, the Nominating Committee submits the following names to be included on the ballot for election to the three open positions on the Azura Credit Union Board of Directors:

Rob Balsters* Terry Conus Marcia Dechand* Randy Pachosa* Virgil Weigel

In addition, an easily accessible button will be available at <u>AzuraCU.com/AnnualMeeting</u> for ballot access. The ballot webpage will validate your membership and allow you to cast your vote for three of the candidates. If your inputted data is not automatically verified through the questions, a provisional ballot will appear on the screen that will be processed manually to verify your vote.
